

ARRK PDG's PROTOTYPING BUSINESS PENETRATES FURTHER INTO BENELUX MARKET.

PRESS
RELEASE

Gloucester based ARRK Product Development Group is proud to announce a number of new appointments within its Rapid Prototyping operation.

Rowan Rossen joins ARRK as International Sales Engineer and is responsible for new business from non automotive clients in Holland, Belgium and Germany.

Rowan Rossen

Rowan, who comes to ARRK with considerable manufacturing experience, is excited by the challenge of offering ARRK's wide range of prototyping and development services to businesses in these countries. ARRK works with thousands of clients from a wide range of industry backgrounds, including Medical, Consumer Products, Architectural and Automotive, to help develop their products and bring them to market quickly.

Derek Lawrence

Quality Assurance

Derek Lawrence also takes up the new position as Quality Assurance Manager at ARRK's prototyping facility in Gloucester. Derek has over 12 years experience in both production and, latterly, in project management and his reputation for quality and attention to detail makes him the ideal candidate to help enhance further ARRK's quality service.

Craig Vickers, Managing Director of ARRK PDG Prototyping division, explained: "We are delighted to have made these two appointments. Rowan will help us to reach and support even more clients who we believe could benefit from our wide range of prototyping services. Equally the appointment of Derek Lawrence to the position of Quality Assurance is very pleasing as he has been with the company for many years and been promoted through the ranks. The experience he has gained through the variety of roles he has held over the years will serve us and, more importantly, our customers well."
